

## **PROPOSAL**

It's our pleasure to introduce our esteemed, seasoned engineering company (Deen-Banjus Engineering Ltd.) to your good office .

Below are our call project descriptions and proposed desirable project opportunities that can contribute positively to your Organization.

- (1) Civil Projects:
- (a) Building Construction
- (b) Road Construction
- (c) Construction of Dry Ports
- (2) Power Projects:
- (a) Solar Power Projects
- (b) Transformer Supply & Installation
- (c) Generator Supply, Installation & Maintenance
- (d) Street Lighting Power Projects
- (e) Independent Power Projects
- (f) Electrical & Mechanical Projects
- (3) Oil and Gas Projects:
- (a) Supply of Diesel (AGO)
- (b) Fabrication, Calibration, Piping & Installation of Diesel Tanks

#### Advantages:

We have qualified, seasoned and certified engineers with vast experiences on different calls of engineering profession. We deliver quality and standard jobs within agreed timelines.

While we anticipate your kind office approval and the opportunity for us to showcase our works as it relates to above states services. we assure you of our best service and reliability.

ENGR. AJALA 'TOLA Managing Director

# Brief History about us

For thirty two(32) years, Deen-Banjus Engineering Limited has served the needs of selected clienteles within the Nigerian business community.

The company was established since 1991 in Ibadan with Headquarters in Oke-Ado and a branch office at Apata under the name

DEEN-BANJUS TECHNICAL WORKS - as an Electro-Mechanical, Installation, Maintenance and Services company - to provide support services for companies and individuals in the area of power stability and sustainability.

However, it was later incorporated as Deen-Banjus Engineering Ltd. in 2004 with office in Lagos, Ibadan and other places.

Deen Banjus Engineering Ltd. Is also one of the representatives of SDMO Power Generator in Nigeria.

The companys activities are further enhanced by:

A team of highly competent support staff who offer high quality service with value added commitment

Modern word and data processing equipment

Functional machineries and equipment to provide excellent services and maintenance.

Deen-Banjus Engineering Limited has garnered highly selected clienteles, and today, we provide a wide range of power products and services to the Banking, Telecommunication, Oil and Gas industries in Nigeria.

Deen-Banjus Engineering Limited has become synonymous with the field of providing a wide range of services which include:

- Sales, Installation, Servicing & Maintenance of diesel generating sets with power output from 5KVA-6,500KVA
- Supply of diesel to telecommunication Cell Sites, Banks, corporate organisations and individual.

Maintenance of Communication Shelters and Rectifiers

Civil & Telecom site build

Sales, Installation, Servicing & Maintenance of Transformers

- Distribution transformers: Oil immersed
- Distribution transformer from 50KVA- 1000KVA with operating voltages of 11KV & 33KV, with copper.

Power transformers: The Power includes rates from 5MVA up to 40MVA with voltages up to 66KV and large power transformers up to 200MVA with voltage up to 220KV either step up/ step down.

Dry transformers: We supply and install up to 10MVA with operating voltage up to 36KV.

2

# Our Services

Maintenance of GSM communication cell sites (MS,BSC,BS,BTS,SHOPS) generators;

Maintenance and servicing of generators such as:-

PERKINS GeneratorsSDMO Generators

CAT

**CUMMINS** 

**VOLVO** Engine

MISTUBISHI etc

MTC of rectifiers & control panels

- Maintenance of control panels
- Periodic maintenance of cooling systems (Air Conditioners)
- Earthling System, earthling systems security, alarm systems (internal and external)
- Aviation and lightings
- Contract maintenance and fueling of diesel generating sets
- Supply of Armoured Cables, Wires, Lubricating oil, Service parts, etc.
- Solar/ Hybrid

•

# Our Clients

Our clients include but are not limited to:

Globacom Nigeria Ltd.

Huawei

Sterling Bank Plc

Conoil Producing Limited

Conoil Marketing Limited

IHS Nigeria Limited

So energy Nig. Ltd./ Sahara Group

Lagos State Govt.

Ecobank

Private Entities

Premium Trust Bank

Pulsar Consultancy Management Limited

Sirius Construction Works Limited.

Credit Direct

Nolton Bravos Advisory Limited.

### **Our Services/Duties to our Clients**

#### Globacom

Supply & Installation of generators

Fueling of Cell Sites

Servicing of generators

Servicing of air-conditioners

Maintenance of Aviation lightings

Repairs of generators both major and minor

Cleaning of Cell Sites surr oundings

24 hours attention to fault calls

Supply & Installation of Transformers

Stationed personnel at prioritized Cell Sites like BSCs, MSCs

BTS Base T ransferal Station

BSC - Base Station Controller

MSC Main Station Contr oller

#### Coverage:

Local (South-Western States in Nigeria)

Lagos

Supply and maintenance Generators Diesel Supply to Depot Alausa

To become the foremost Engineering and Technical company, offering the best of our services to ensure product quality both locally and internationally.

We envision that our products and services will be the choice in the future in Nigeria.

## **Mission/Objective**

With our passion for excellence, we provide a standard for others to imitate by provision of quality service and maintenance of unparalleled power support services that gives you the most effective route to outsourcing alternative power supply in the event of utility power failure.

We want to be seen as providing quality products and services like sound enclosures, electrical control panels, sales and after sales services, maintenance, assembly of generating sets and refurbishments as well as management procedures.

Through these, we help our customers realize their dreams of comfortable and higher quality life through stable power supply to their business premises and homes resulting in higher productivity and profitability.

# **BOARD OF DIRECTORS**
